SNYDER'S
INTRODUCTIONS

Iowa

Hybridizer
and
Grower

ALPINE SUNSET

A charming bright clear variegata.

S. The select Tansy yellow, round and forming a closed dome.

F. Flushed with light red except the wide distinctive margin edging of the standard color. Stalk 36" sufficient branching.....\$5.00

ALZA HOLA

A Spanish salute calling attention.

The coloring of this Iris may be visualized.

A bit of clear colors seen a day when sun, sky and colorless clouds in approach.

S. that of the thin, airy cloud with the blue of the sky filtering through, together with a dim glow of noon-day sun bordering the edge of the broad rounded standards.

F. that soft tone of the unveiled sky, edged of golden glow.....\$7.50

BEAUTIFUL GALATEA

A self of soft "Bridal Rose" coloring. This Iris is becoming of a reserved compose.

S. broad rounded form of finished pleasing texture.

F. well balanced size with the Standards, rich orange beard, branching 36" sturdy stalk.....\$6.00

BLUSHING YOUTH

A soft tone pink self without blue reflex.

S. closed of rounding form.

F. slightly flar of standard size, placement pleasing on 36" well branching stalk.....\$2.00

BRIGHT MELODY

An attractive break in self-color of Concord grape in sunlight. Form and substance choice.

S. closed and of balanced size.

F. well rounded shape with a velvet texture, the predominant color shading off to a rich brown with the beard.....\$8.00

CAPTAIN ROYAL

A smooth toned "Mosaic Blue" self.

S. closed overlapping segments, giving the desired complete form.

F. of heavy substance, flar making a broad balanced bloom\$20.00

DECORATOR

A new shade red self in Pipe stone "Peace Pipe" tone.

The wide branching surrounds claiming one-half the stalk.

Suitable for giving height to spacious planting and the color is one would be harmonious with other shades and blends. Pleasing bright cream beard\$10.00

DREAMLAND

A red self, deep Hollyhock by "Dictionary Colors."

S. same uniform color tone and texture of the falls.

F. rounded form with waving edge, of unusual finished texture, bright lemon-colored beard, weather enduring quality, no fading or staining. The representative strong stalks are 38" in length, well branching, thereby carrying each of the three open blooms at one time at well spaced and distinct position.

Last year's blooms confirmed this offering and will assure satisfaction when well grown\$50.00

IOWA GLORY

A rich maroon self with intense heavy texture, prominent orange beard\$2.50

NISHNABOTNA

S. reddish violet; strong midrib; styles gold, crest violet.

F. reddish purple overlaid pansy black sheen, reticulated heavy brown on white ground haft\$1.00

SIOUX CITY

An even self. Heliotrope coloring that retains its delicate rare beauty in any light. A proportionate flower.

S. arching cupped.

F. drooping semi-flare, stalk 36" and of sufficient size to support the large blooms \$1.50

STELLA VIOLA

Rich vivid violet self.

S. arranged to form a complete dome.

F. broad rounded, 38" strong ridged branching stalk. A finished trim Iris bloom \$15.00

The registered introductions in this folder have been carefully selected, with due consideration to the recognized requirements for the better Iris of today.

A great deal of attention has been given to our named Iris in order to avoid duplication in bloom beauty.

Our iris garden features many Hybridizer's recent introductions for comparison and to learn the trend of advancement in iris.
